## EDUCATION

### CodeSpace, Cape Town— *Software Development Certificate*

JAN 2024 - June 2024

- Engaged deeply in coursework that covered Advanced JavaScript, Web Application Development, JavaScript Framework and Design Principles, laying a solid foundation for a career in front-end development.

## SKILLS

**Languages:** Mastery of JavaScript, HTML5, CSS3.

**Tools & Technologies:**  
Proficient in essential development tools including Git, GitHub, Bootstrap and React.

## PROJECTS

### Add-to-Cart— 2024

Created a mobile-responsive web application with Firebase using JavaScript, CSS and HTML which enabled users to create a shopping cart and clear the list when items have been purchased.

### Portfolio-2024

Created a responsive business landing page for a fictitious banking solution, Cache Bank, targeted at software developers. This project used HTML, CSS, Tailwind, and JavaScript to build a functional and professional webpage.
